- (i) Consultative.
- (ii) Executive.
- (iii) Directive.

(i) Consultative.

Government will refer to it from time to time certain matters for opinion, exercising its own discretion with regard to the matters thus referred.

(ii) Executive.

Government will annually place at the disposal of the Board for distribution a lump sum which Government will be prepared to give for various sanitary schemes and projects. As a general principle, a grant-in-aid for any project should not exceed half the cost of work or Rs 2,00 lakhs, whichever is less, except in the case of water-supply schemes for villages where the limit is 75 per cent of the estimated cost or Rs fifty thousand, whichever is less. These limits can be exceeded only in special cases with the prior approval of Government. The Board has also the power to utilize the funds at its disposal for experiments and generally for any matters it considers to be connected with the Public Health. At the close of the financial year the unexpended portion of the grants will lapse to Government.

(a) *Method of Distribution of Grants on Sanitary Projects.*—The local body concerned must first prepare the project. Large and important projects will usually be prepared for the local body by the Public Works Department, Public Health Branch, except in the case of municipalities with highly qualified engineers, where the projects will usually be prepared by the Engineer of the Local Body concerned. The project will thereafter be submitted to the Sanitary Board through the Deputy Commissioner if—

- (i) the total cost exceeds Rs 10,000 ; and
- (ii) a grant-in-aid is required.

An application for a grant-in-aid will be made on the prescribed form which *inter alia* (i) gives the financial position of the local body, (ii) shows how the other half of the scheme will be financed, (iii) shows the maintenance charges, and (4) how the local body proposed to meet them.

A project with its application for a grant-in-aid will be submitted to the Board through its Secretary who will lay it before the Board for consideration, when the formalities have been complied with. Projects in order will be circulated to members of the Board prior to the actual meeting with the Secretary's note thereon.

(b) *The Board's Power's of sanction.*—The Board can give administrative approval to projects in accordance with the Municipal Works Rules, 1925, District Works Rules, 1926, etc. and technical sanction through Chief Engineer, Haryana, P.W.D., Public Health Branch.

(c) Administrative approval means that there are also no financial objections to the scheme, but technical sanction has reference to its technical details.

(d) *Procedure with regard to Grant-in-aid.*—In the case of approved schemes, the Board may, by resolution give a grant-in-aid subject to the conditions laid down in serial Nos. 15 and 16 of rule 20.9 of the Punjab Financial Rules Volume I. The Secretary of the Board will forward a copy of the resolution to the Accountant-General, and request him to place the sum noted at the disposal of the Local Body concerned. The Local Body is also informed and requested to draw the whole amount immediately and credit it into its funds. When the grant has been drawn and credited, the Local Body will inform the Secretary who lays the intimation before the Board for record at the next meeting, Grant-in-aid thus drawn will not lapse to Government at the close of the financial year.

(e) *Supervision of Expenditure of Grants-in-aid.*—The Board is responsible for seeing that its grants are properly expended on the subjects for which they are given. In exercise of its discretion it may either withdraw a grant or transfer it to some other Local Body in accordance with the powers delegated to it in paragraph 2(2) preceding.

Provided that sanction of Government shall be obtained for withdrawal of grant-in-aid in cases in which the said grant had been sanctioned by Government.

(3) Directive.

The Board has the power of directing general technical sanitary policy of the State. The Board has powers of 'Conditioning' grant-in-aid, that is to say, a grant-in-aid is conditioned on certain stipulations being complied with.

3. In the exercise of the above-mentioned powers delegated to it the Board will act subject to the general control of Government.
